## We turbo charge loyalty programs

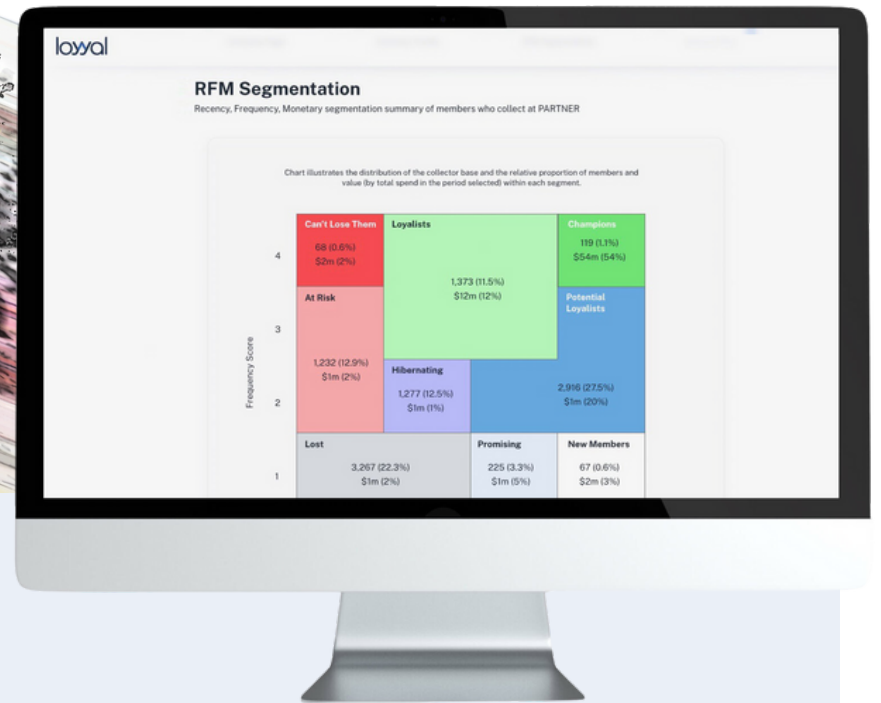

**By making it easier for  
program owners, merchants  
& partners to collaborate.**

**Introducing Access Point our revolutionary  
new operating system, allowing loyalty  
program owners to fully automate both on-  
boarding and on-going partner / merchant  
management. Providing greater access for  
merchants and reward partners to engage  
and participate.**

# ‘The Operating System for Loyalty Programs’

## Key Benefits

1. Drive significant incremental partner revenue with minimal effort and resources.
2. Via a complete “plug & play” self-service partner management tool.
3. Automating ‘smart’ processes for partner onboarding and contracting.
4. Creating seamless connectivity between merchants & programs.
5. Vastly enhancing your program reward offering and engagement.
